

**Project Information**

<b>Project Number:</b>	9999-964-197, C501	<b>UPC:</b>	102684
<b>Project Name:</b>	Regional Traffic Signal Contract - Central Region		
<b>Route Number:</b>	9999		
<b>Project Limit - From:</b>	Various	<b>To:</b>	
<b>District</b>	<b>City/County</b>	<b>Residency</b>	
Richmond	Richmond District Wide		
<b>IPM Project Description:</b>	REGIONAL TRAFFIC SIGNAL CONTRACT - CENTRAL REGION		
<b>Additional Project Description:</b>	This UPC is for advertisement purposes only, to establish an on-call traffic signal construction and maintenance contract covering the Central Region. Individual and location-specific projects, via Task Order, may be established as sub-projects under this parent contract once it is awarded. Each sub-project, as applicable, will then individually be subjected to the ERP and no work at any project location will take place without first receiving the appropriate environmental clearance.		

**Reevaluation Type / Reviewers**

<b>NEPA Document Approval Date:</b>	02/23/2012	<b>FHWA Contact:</b>	Simkins, John A.
<b>NEPA Document Type:</b>	BCE		
<b>Project Manager:</b>	Adam.Brooks	<b>Environmental POC:</b>	Blackman, Robert H.

**Reevaluation Questions**

- 1.) Is the current project design, right of way limits and/or scope within the study area evaluated in the most recently approved environmental document? Y**
- Comments:** There are no current design plans. The scope of this UPC is to provide for a regional traffic signal contract. Individual locations for each signal site will be reviewed for NEPA as they are submitted.
- 2.) Has the project design complied with all environmental commitments or conditions identified during project development? Y**
- Comments:** It is understood that there is a requirement to review each site as proposed and submitted for compliance with NEPA and all other pertinent environmental requirements.
- 3.) Project limits in environmental document:**

**From:** Various **To:** Same

**Project limits proposed on current plan:**

**From:** Various **To:**

**Are the project limits consistent? Y**

**Comments:** There are no current design plans. The scope of this UPC is to provide for a regional traffic signal contract. Individual locations for each signal site will be reviewed for NEPA as they are submitted.

**4.) Have any project design or scope changes outside the original project extent or limits been added or removed from the project? N**

**Description:** There are no current design plans. The scope of this UPC is to provide for a regional traffic signal contract. Individual locations for each signal site will be reviewed for NEPA as they are submitted.

**5.) Was a noise analysis required for the environmental document?**

**Noise Scoping Decision:**

**Comments:** Noise Analysis not required.

**The Virginia Department of Transportation has reevaluated the approved environmental document in conjunction with the proposed project limits and found the NEPA decision document remains valid. The intent of this reevaluation was to assess any changes to the scope of the project, rather than consider specific design elements. This reevaluation satisfies the requirements in 23 CFR 771.129.**
