March 29, 2011

Regional Guardrail  
Project: GR03-963-095, N501  
Fed. Proj. NH-963-3(029)  
Fr: Various  
To: Various  
Lynchburg District wide; UPC 99619

#### MEMORANDUM:

TO: Mr. M. E. Cacamis, P.E.

ATTENTION: Mr. D. E. Silies

RE: Certification No. I for Advertisement & Construction

This is to certify that no additional right of way is required for this project. All construction is to take place within the existing right of way; therefore, no relocation assistance was required as no persons, businesses, or non-profit organizations were displaced. There are no railroads or buildings affected by the proposed construction.

In addition, to the best of our knowledge, the right of way for this project is free of contaminants.

There are no known utility conflicts on this project.

It is satisfactory to advertise this project for construction bids and for construction to proceed with respect to right of way and utilities.

Richard R. Bennett  
State Right of Way Director
