## Transportation Performance Management Research Roadmap

The Transportation Performance Management Research Roadmap provides information needed, and future research needed, to improve coordination between transportation agencies. This portal to help identify and share best practices and methodologies to support performance management.

### Projects in the Roadmap

1

Active Projects

This Roadmap has been created by the NCHRP 20-24(97) is to develop a Performance Management (TPM) Standing Committee on

- TAM Documents**  
A searchable database of documents with curated resources indexed by TAM business processes, asset types, audience, and other factors.
- TAM Events**  
Listings for conferences, meetings, webinars, peer exchanges and other events of interest to the transportation asset management community.
- TAM Tools**  
A new area of the site, still under development, that will spotlight new and well-established tools for making transportation asset management simpler, easier, and more effective.
- TAM Roadmap**  
A new area of the site, still under development, that will feature information on what new and what's next for the transportation asset management community.
